

Dear Parents,

The location of the bus stops will be planned to safeguard the security of your child/ren. Please bear in mind that diverting the bus from the main route causes delay and implementing a new stop for one family can sometimes cause inconvenience for many others and the system has to work as a whole. Changes to the location of the stop may be considered as long as the request for the stops lies within the main route and does not jeopardize the time schedule and safety of your child/ren.

Please be informed that the final bus routes will be defined once the actual demand has been analyzed. You will be informed on the routing and the bus stops in due course.

Please contact the school transport coordinator, regarding any changes you are requesting in, writing an email to bus@blaguss.com.
